

Care Team Ministry

Enriching Lives of Older Adults

Catholic Charities' Care Team Ministry uses church-based teams of volunteers to offer visits of sustaining presence to aging persons and their caregivers.

Care Team Ministry

Peace of Mind

Those receiving visits enjoy companionship through personal visits, feel connected to the church, know they are valued members of the community, and receive spiritual support.

Training & Support

Through a unique collaboration of Catholic Charities and the Oakwood Foundation, we provide training and ongoing support for team members. All team members are screened through background checks and thoroughly trained in topics and techniques such as:

- ✓ Confidentiality ✓ Limits of care
- ✓ Handling an emergency
- ✓ Active listening skills

Care Team members abide by the ethics of respectful and compassionate care, confidentiality, and services offered without discrimination.

Get Started

If you are interested in receiving services or would like more information about joining a local Care Team, please contact:
